## BORAH TO PRESENT HIS FARMER RELIEF PLAN

### TO CONFER WITH PRES. COOLIDGE AT WHITE HOUSE

BANKERS FROM 9TH FEDERAL RESERVE DISTRICT TO SEE COOLIDGE TOO

PRESIDENT HAS BEFORE HIM A GREAT MASS OF SUGGESTIONS AND PLANS

(By United Press)

Washington, Sept. 27.—Senator Borah of Idaho will present a definite plan of farm relief to President Coolidge at the White House today and will vigorously oppose the suggestion of a committee of northwestern bankers that the United States Grain Corporation be revived at an extra session of congress as a means of serving the wheat farmer.

A conference of farmer representatives in Congress, members of the cabinet and legislative agencies of farmers' organizations is being considered as a means of uniting all interested agencies on a farm relief plan. If such a plan is sanctioned by those most involved, an extra session of Congress probably will be called to enact it.

With the return to Washington of many members of Congress and administration leaders prepared to solve the problem of the wheat farmer in particular, this question has become paramount in Washington for the moment.

President Coolidge has been devoting most of his time to considering it and conferring with members of Congress and others who have suggestions to make. He will take it up with his cabinet tomorrow and an effort will be made at that time to reach a decision of policy that can be announced to the country as an administration plan.

Today's conferences are among the most important the president has yet held. Bankers from the Ninth Federal Reserve District, including the great wheat states of the Northwest, will be taken to the White House by Representative Young of North Dakota. They will urge the immediate convening of Congress to revive the United States Grain Corporation as a means of providing a market for the wheat surplus now and in the future.

They will lay before Mr. Coolidge data showing that the wheat farmer has mortgaged farms, borrowed money and then been unable to repay it or pay the interest; that farms are being sold for taxes and mortgages foreclosed.

Their case will be based on the contention that ruin for the farmer means ruin for the banker and consequent disaster for the business of the country.

The bankers came to Washington today prepared to make the strongest possible presentation of the case.

Senator Borah, who will have a second conference with Mr. Coolidge today on agriculture, will tell the president that revival of the Grain corporation would benefit the bankers but not the farmer.

Mr. Coolidge now has before him a great mass of suggestions and plans, many of which he regards as impracticable. Those which are receiving consideration include:

1. By Secretary of Agriculture Wallace—that a Federal grain export corporation be formed to find markets for surplus products, that a 25 per cent reduction on freight rates on farm products be made immediately.

2. By Representative Sydney Anderson of Minnesota—that the tariff on wheat be sharply increased under the flexible provisions of the tariff law.

3. By Representative Sinclair of North Dakota—that the Norris-Sinclair grain marketing bill be recommended for passage at an extra session of Congress. This and the Wallace suggestion and the Northwest bankers' plan are similar.

4. By the Northwest bankers—that the United States Grain Corporation be revived.

### 48 HOUR ULTIMATUM SERVED ON HAYNES BY CAPITOL POLICE

Washington, Sept. 27.—A 48-hour ultimatum was served on Federal Prohibition Commissioner Haynes today by commissioners of the District of Columbia demanding dismissal of certain local prohibition agents. If they are not dismissed at once, Washington police will refuse to co-operate in prohibition enforcement, Haynes was informed.

5. By a number of members of Congress—that the price of wheat be fixed to give the farmer a chance to sell at a figure that will pay the cost of production and leave a profit.

6. By Senators McNary and Stanford of Oregon—that more adequate credit facilities be extended to wheat farmers.

### PRODUCERS ARE DESPERATE, CLAIMED

Washington, Sept. 27.—"The producers are more or less desperate, and no doubt balloted for what they thought would benefit them."

Charles E. Myers, Republican candidate for a Congressional vacancy in the State of Washington, thus expressed the apparent victory of his democratic opponent, who ran on a platform favoring wheat price fixing and other measures to relieve the condition of agriculture.

Myer's words provide a startlingly clear explanation of the activities of the Coolidge administration in seeking the means to help the farmer out of the slough of debt and despair in which he is laboring.

That the producers, particularly the producers of wheat, are desperate and that their desperation is not an abstraction to be treated lightly has been brought home to Mr. Coolidge and other Republican leaders so forcibly that for both economic and political reasons they have side-tracked all other problems while they give honest effort to evolving some formula that really will remove the political and economic menace.

That it is a political menace the defeat of Myers in Washington clearly shows. Producers here voted for a Democrat because they thought he offered them more hope of succor. Such bye-elections show the political trend. It is interesting as a sidelight on the temper that only 40 per cent of the vote turned out. Evidently the majority placed little hope in either party.

Economically the fight of the farmer presents a menace to the country, which, though it has been generally recognized, has rather been shunted aside by optimism over the rising tide of prosperity. But government agencies keeping close watch on the trend of business and industry have awakened to the situation. While they did not anticipate a definite slump or the end of prosperous conditions, they have warned Mr. Coolidge that the existence of such factors as agricultural depression which reacts on finance and thus on all other forms of industry constitutes a danger that must be removed.

### BANKERS WANT EXTRA SESSION OF CONGRESS

Washington, Sept. 27.—Calling for an extra session of Congress immediately, a delegation of Northwest bankers and business men today laid before President Coolidge two measures for assisting wheat farmers and agriculture generally. The measures were:

1. Immediate revival of the United States Grain Corporation at an extra session of Congress as a marketing agency for the grain surpluses.

2. A grain board or commission to advise farmers as to the acreage that can be profitably planted in various crops so as to keep down production to levels that will not result in glutting the market with an unsalable surplus.

The committee was headed by A. D. Stephens, banker of Crookston, Minn., and Representative Young of North Dakota.

Shortly after the bankers' commit-

### MARTIAL LAW IS TO CONTINUE IN OKLAHOMA STATE

"UNTIL ALL TRACE OF DOMINATION BY INVISIBLE GOVERNMENT DISAPPEARS"

STATEMENT MADE TODAY BY  
FIGHTING GOVERNOR J.  
C. WALTON

(By United Press)

Oklahoma City, Okla., Sept. 27.—Martial law will remain effective in Oklahoma until "all trace of domination of the visible government of the state by the invisible government of the Ku Klux Klan is removed," Governor J. C. Walton declared emphatically today.

The governor announced a proposed extension of absolute martial law to Murray county after a delegation of "good citizens" of that county had called upon him and asked protection from the Klan.

The governor considers the effort by some members of the legislature to impeach him, but who were prevented from taking any action through military officials breaking up their meeting, a closed incident.

The executive said it had been proven conclusively that the legislature could not meet except in regular session or on special call from the governor.

The insurgent legislators, however, were going ahead with their plans to force a court ruling on their right to assemble. W. D. McBee, leader of the impeachment movement, contended that by the gathering of members of the assembly in the corridors of the capitol yesterday the session got under way, and now the situation was the same as being in adjourned session with authority to meet at any time on call of the speaker.

tee arrived Senator Borah held a brief conference with the president, but stated he was not yet ready to place his complete farm relief before the president. He will return to the White House tomorrow or next day.

### BUSINESS LINKED WITH FARM PROSPERITY

Minneapolis, Sept. 27.—Business opportunities are coincident with farm production.

This was the declaration of E. T. Meredith, former secretary of agriculture, in a speech to the American Specialty Manufacturers this afternoon.

Every business, in the final analysis, is dependent on agriculture, he said. He displayed charts showing business and farm conditions since 1870, and showed that the lines of good times and bad times coincided.

He pointed out that in 1870 there was one business concern for every 425 acres of farm land under cultivation.

This number has gradually decreased until today there is one business concern for every 275 acres of farm land.

"Whatever happens to every 275 acres," he said, "will affect one business."

### WANT AID FOR THE "SORELY OPPRESSED FARMER"

St. Paul, Sept. 27.—Adoption of immediate and practical steps to bring relief to the "sorely oppressed farmer" is urged in a telegram sent last night to Secretary of Agriculture Wallace by J. F. Reed, president of the Minnesota Farm Bureau federation.

Speaking for 70,000 producers affiliated with the organization, Reed asked for definite and immediate action to remedy the farmers' condition.

The telegram follows: "While we are opposed to price fixing we appreciate the need for

### NEW COMMISSARY OF BAVARIA REGARDED AS A DICTATORSHIP

Munich, Bavaria, Sept. 27.—Ex-Premier Gustav Von Kahr has been appointed commissary of Bavaria, which is regarded as practically a dictatorship.

Von Kahr has the full support of the Hitler organizations of Bavarian fascists.

The dictator's first act was issuance of a proclamation, declaring all Bavaria must be ready to use force against the traitors to the Fatherland.

Appointment of Von Kahr is regarded as the beginning of a fascist regime in Bavaria.

### BAVARIA DENOUNCES VERSAILLES TREATY

Brussels, Sept. 27.—A dispatch from Munich says the Bavarian government has denounced the treaty of Versailles.

### FEDERAL GERMANY CONSIDERS BAVARIA

Berlin, Sept. 27.—The German federal government late today made its second move to offset Bavaria's action in proclaiming limited martial law.

Following its first action this morning, the Reich authorities demanded that Bavaria cancel her proclamation on the grounds that the Federal proclamation is sufficient to meet any need of the state.

It is thought the central government's orders may depose the Bavarian dictator, Von Kahr.

### GENERAL STRIKE IN COAL MINES

Dusseldorf, Sept. 27.—Following the official cessation of passive resistance, a general strike was started today in Recklinghausen, Gelsenkirchen and Wanne in all coal mines.

Communist leaders announced their intention of "forcing the French out of the Ruhr."

Serious troubles were feared.

### CORN AT HIGHEST PRICE IN YEAR

### SUPPLY ON SEPTEMBER DELIVERY SOLD AT 90 3-8 CENTS PER BUSHEL

Chicago, Sept. 27.—Corn sold at the highest price of the year in trading on the Chicago Board of Trade today.

The supply on September delivery sold at 90 3-8 cents. On August 4 corn on the same delivery had a low of 75 1/2 cents.

Shortage of supplies and frost damage to the growing crop caused the advance, traders said.

### PUPILS STRIKE, PROTEST AGAINST KLAN SYMPATHY

(By United Press)

Goodell, Ia., Sept. 27.—A strike of pupils, who protested against a substitute teacher of alleged Klan tendencies, was at an end today, following suspension of one of the strike leaders and withdrawal of the substitute by the school board.

The row over the "invisible empire" which started two or three weeks ago when five business houses were daubed with yellow paint, culminated today in the rotten eggging of a group of people from Klomms, a nearby village, who drove through the town singing Klan songs.

High school students here walked out of school when they learned that a teacher whose husband was said to be a Klansman was to substitute temporarily for the principal. Only ten pupils remained.

The strikers went on a picnic in the woods, procuring an auto truck and carrying anti-Klan signs, they rode up and down the street, and dashed through Klomms. This resulted in the retaliatory Klan excursion to this city.

### BARE BONES OF A BOY'S SKELETON FOUND IN FIELD

FOUR MEN FACE BAR OF JUSTICE FOR MURDER THREE YEARS OLD

CLAIMED RAY SMITH WAS KILLED OCT. 18, 1920, IN A DRUNKEN BRAWL

(By United Press)

Moorhead, Minn., Sept. 27.—The bare bones of a boy's skeleton lay in the morgue here today. Four men face the bar of justice for a murder three years old.

After four days of searching, Sheriff C. E. Malvey, spading on a corner of the Peter Engle farm, found the bones of Ray Smith, killed October 18, 1920, in a drunken brawl. Careful digging produced the entire skeleton—bare of flesh and clothing, only a leather belt and the shoes Smith wore being recovered.

Coroner O. C. Beck called an inquest for 2 p. m. today and when it is over an effort will be made to find relatives of Smith, a transient farm hand. They may have the bones.

Roman Furst, accused by the county attorney of shooting Smith, will be charged with first degree murder, that official said. Carl Marwitz may be similarly charged, and Fritz Marwitz and Leonard Mallinger may be prosecuted as accomplices. All four are held.

### STATE DEMANDS VERDICT OF GUILTY IN THE WARD CASE

(By United Press)

White Plains, N. Y., Sept. 27.—A verdict of guilty of murder in the first degree was demanded by Attorney-General Sherman when he began summing up the state's case in the trial of Walter S. Ward here today. Sherman declared the state has proved that Ward killed Clarence Peters, the "murdered sailor boy," in cold blood and should receive the maximum punishment.

The attorney-general characterized the summing up of the defense as "propaganda and camouflage, a smoke screen of irrelevant things."

Ward, sitting in the crowded courtroom beside his wife, heard the bitter attack upon himself without change of expression. He appeared entirely calm.

### HEAD STATE SCHOOL FOR DEAF DIED

Faribault, Minn., Sept. 27.—J. M. Tate, superintendent of the state school for the deaf for the last 27 years, died early today. He had been suffering from heart trouble for several weeks.

### MINNEAPOLIS GIRL BREAKS RECORD FOR THROWING BASEBALL

Minneapolis, Sept. 27.—Miss Alice Breen of Van Cleve park has broken the world record for ball throwing for women, having thrown a ball 211 1/2 feet, the highest record thrown here before being 210 feet. Miss Breen played diamond ball with the Angoras this year. She is 15 years of age. Her home is at 525 Third avenue SE.

### Packers' Air Attack Beats Hibbing Team

Green Bay, Wis., Sept. 27.—Displaying a wonderful aerial attack, the Green Bay Packers, professional football champions of Wisconsin, defeated the Hibbing Miners here in the opening game of the season by the score of 10 to 0. A huge crowd attended. Hibbing presented a stone wall forward line, but proved unable to cope with the Packers' air attack.

### 13 YEAR BOY SAVES LIVES OF 38 LITTLE ONES FROM FLAMES

Minneapolis, Sept. 27.—A 13-year old boy last night helped save the lives of 38 children from the flames at the Augustana Children's Home.

While Miss Marion Thompson, nurse, fought back the fire in a laundry chute, Hilding Anderson, the boy hero, dashed through the building awakening the children, ranging from 2 to 13 years of age. Some of them were so drowsy that he had to carry them out.

Merlin McGuire, 11, turned in the fire alarm and the firemen extinguished the flames which were too much for Miss Thompson to conquer.

### Following Straight and Dry Path Babe Ruth Realizes His Ambition

Last winter at a meeting of baseball writers in the Elks Club, Babe Ruth promised, over a glass of mineral water, that from that moment on he would follow the straight and narrow and aspire to do finer and greater things for the baseball public.

"I owe it to the fans," Babe said, almost too solemnly for his promise to be taken seriously.

Nine months later a committee of eight baseball writers, each representing an American League city, unanimously awarded George Herman Ruth baseball's greatest prize—the honor of being chosen the most valuable player in the league.

Undeniably the choice of the committee was the right one. No player has been more conscientious or untiring in his efforts this season than the Big Bam; no player has been more effective in his results. The Babe's fielding has been spectacular, his base running brilliant and his batting remarkable. He may yet realize his ambition to do two things this year: Lead both American and National leagues in batting and home run hitting. His home run race with Cy Williams has been an exciting one.

It will be a gala season for the famous slugger if he can do one more thing. The Babe will heal a wounded spot in his heart if he can win a couple of ball games in the World Series. His hitting in the last two years with the Giants is something he passes over quickly and quietly.

One might venture the opinion that Babe will be successful in the October series in atoning for his shortcomings in other classics.

The big fellow's unbounded determination is likely to be converted into something tangible.

### Ray Will Again Try For New Mile Record

New York, Sept. 27.—Jole Ray, America's star miler, will make another attempt this year to break the world's record for the mile. At his request a special mile handicap event has been added to the metropolitan pentathlon in Newark, N. J., Saturday, and six of the best milers in the district have been invited to compete with him.

The record which Jole will try to break was made by Paavo Nurmi of Finland last month, when he covered the distance in 4:10 2-5. The officially recognized mark of 4:12 3-5 was made by Norman Taber in 1916.

### Ancient Adding Machine.

That the ancient Inca civilization in Peru possessed an adding and calculating machine has been revealed in the recent discovery by excavators of a knotted cord, or "quipu," in the ruins of a prehistoric tomb. The cord is 16 yards long and contains one hundred knots. Divided into ten unequal sections, these knots represent the odd numbers from 1 to 19. The sections are of different colors, including red, brown, yellow, blue and green, and are separated by silver beads, which represent the even numbers from 2 to 20. By using this simple way of counting, based on the decimal system, rapid calculations can be made.

### MRS. W. H. GEMMELL HEADS MINNESOTA STATE CONFERENCE

DECISION AS TO NEXT YEAR'S MEETING PLACE WAS DEFERRED

MAY BE AT UNIVERSITY OF MINNESOTA OR IN CITY OF ROCHESTER

Mrs. W. H. Gemmell, Brainerd, was elected president of the Minnesota State Conference of Social Workers at the end of its 31st annual session in Duluth.

Other newly elected officers are: Judge A. W. Johnson, Albert Lea, first vice-president; Herman Hokow, Springfield, second vice-president; Mrs. Robins Gilman, Minneapolis, secretary-treasurer.

Members elected to the executive committee are: Rev. C. E. Burgess, Rochester; Miss Elizabeth Yerxa, Minneapolis; C. G. Durgin, Duluth, and J. R. Brown, St. Paul.

Decision as to next year's meeting place was deferred. It was stated that if the conference is conducted at the University of Minnesota, an institute be conducted in conjunction with it. Otherwise Rochester may be selected, it was indicated by leading members of the group.

Goodell, Ia., Sept. 27.—A strike of pupils, who protested against a substitute teacher of alleged Klan tendencies, was at an end today, following suspension of one of the strike leaders and withdrawal of the substitute by the school board.

The row over the "invisible empire" which started two or three weeks ago when five business houses were daubed with yellow paint, culminated today in the rotten eggging of a group of people from Klomms, a nearby village, who drove through the town singing Klan songs.

High school students here walked out of school when they learned that a teacher whose husband was said to be a Klansman was to substitute temporarily for the principal. Only ten pupils remained.

The strikers went on a picnic in the woods, procuring an auto truck and carrying anti-Klan signs, they rode up and down the street, and dashed through Klomms. This resulted in the retaliatory Klan excursion to this city.

### BARE BONES OF A BOY'S SKELETON FOUND IN FIELD

FOUR MEN FACE BAR OF JUSTICE FOR MURDER THREE YEARS OLD

CLAIMED RAY SMITH WAS KILLED OCT. 18, 1920, IN A DRUNKEN BRAWL

(By United Press)  
Moorhead, Minn., Sept. 27.—The bare bones of a boy's skeleton lay in the morgue here today. Four men face the bar of justice for a murder three years old.

After four days of searching, Sheriff C. E. Malvey, spading on a corner of the Peter Engle farm, found the bones of Ray Smith, killed October 18, 1920, in a drunken brawl. Careful digging produced the entire skeleton—bare of flesh and clothing, only a leather belt and the shoes Smith wore being recovered.

Coroner O. C. Beck called an inquest for 2 p. m. today and when it is over an effort will be made to find relatives of Smith, a transient farm hand. They may have the bones.

Roman Furst, accused by the county attorney of shooting Smith, will be charged with first degree murder, that official said. Carl Marwitz may be similarly charged, and Fritz Marwitz and Leonard Mallinger may be prosecuted as accomplices. All four are held.

### STATE DEMANDS VERDICT OF GUILTY IN THE WARD CASE

(By United Press)  
White Plains, N. Y., Sept. 27.—A verdict of guilty of murder in the first degree was demanded by Attorney-General Sherman when he began summing up the state's case in the trial of Walter S. Ward here today. Sherman declared the state has proved that Ward killed Clarence Peters, the "murdered sailor boy," in cold blood and should receive the maximum punishment.

The attorney-general characterized the summing up of the defense as "propaganda and camouflage, a smoke screen of irrelevant things."

Ward, sitting in the crowded courtroom beside his wife, heard the bitter attack upon himself without change of expression. He appeared entirely calm.

### HEAD STATE SCHOOL FOR DEAF DIED

Faribault, Minn., Sept. 27.—J. M. Tate, superintendent of the state school for the deaf for the last 27 years, died early today. He had been suffering from heart trouble for several weeks.

### MINNEAPOLIS GIRL BREAKS RECORD FOR THROWING BASEBALL

Minneapolis, Sept. 27.—Miss Alice Breen of Van Cleve park has broken the world record for ball throwing for women, having thrown a ball 211 1/2 feet, the highest record thrown here before being 210 feet. Miss Breen played diamond ball with the Angoras this year. She is 15 years of age. Her home is at 525 Third avenue SE.

### Packers' Air Attack Beats Hibbing Team

Green Bay, Wis., Sept. 27.—Displaying a wonderful aerial attack, the Green Bay Packers, professional football champions of Wisconsin, defeated the Hibbing Miners here in the opening game of the season by the score of 10 to 0. A huge crowd attended. Hibbing presented a stone wall forward line, but proved unable to cope with the Packers' air attack.

### 13 YEAR BOY SAVES LIVES OF 38 LITTLE ONES FROM FLAMES

Minneapolis, Sept. 27.—A 13-year old boy last night helped save the lives of 38 children from the flames at the Augustana Children's Home.

While Miss Marion Thompson, nurse, fought back the fire in a laundry chute, Hilding Anderson, the boy hero, dashed through the building awakening the children, ranging from 2 to 13 years of age. Some of them were so drowsy that he had to carry them out.

Merlin McGuire, 11, turned in the fire alarm and the firemen extinguished the flames which were too much for Miss Thompson to conquer.

### Following Straight and Dry Path Babe Ruth Realizes His Ambition

Last winter at a meeting of baseball writers in the Elks Club, Babe Ruth promised, over a glass of mineral water, that from that moment on he would follow the straight and narrow and aspire to do finer and greater things for the baseball public.

"I owe it to the fans," Babe said, almost too solemnly for his promise to be taken seriously.

Nine months later a committee of eight baseball writers, each representing an American League city, unanimously awarded George Herman Ruth baseball's greatest prize—the honor of being chosen the most valuable player in the league.

Undeniably the choice of the committee was the right one. No player has been more conscientious or untiring in his efforts this season than the Big Bam; no player has been more effective in his results. The Babe's fielding has been spectacular, his base running brilliant and his batting remarkable. He may yet realize his ambition to do two things this year: Lead both American and National leagues in batting and home run hitting. His home run race with Cy Williams has been an exciting one.

It will be a gala season for the famous slugger if he can do one more thing. The Babe will heal a wounded spot in his heart if he can win a couple of ball games in the World Series. His hitting in the last two years with the Giants is something he passes over quickly and quietly.

One might venture the opinion that Babe will be successful in the October series in atoning for his shortcomings in other classics.

The big fellow's unbounded determination is likely to be converted into something tangible.

### Ray Will Again Try For New Mile Record

New York, Sept. 27.—Joie Ray, America's star miler, will make another attempt this year to break the world's record for the mile. At his request a special mile handicap event has been added to the metropolitan pentathlon in Newark, N. J., Saturday, and six of the best milers in the district have been invited to compete with him.

The record which Joie will try to break was made by Paavo Nurmi of Finland last month, when he covered the distance in 4:10 2-5. The officially recognized mark of 4:12 3-5 was made by Norman Taber in 1916.

### Ancient Adding Machine.

That the ancient Inca civilization in Peru possessed an adding and calculating machine has been revealed in the recent discovery by excavators of a knotted cord, or "quipu," in the ruins of a prehistoric tomb. The cord is 16 yards long and contains one hundred knots. Divided into ten unequal sections, these knots represent the odd numbers from 1 to 19. The sections are of different colors, including red, brown, yellow, blue and green, and are separated by silver beads, which represent the even numbers from 2 to 20. By using this simple way of counting, based on the decimal system, rapid calculations can be made.

### MRS. W. H. GEMMELL HEADS MINNESOTA STATE CONFERENCE

DECISION AS TO NEXT YEAR'S MEETING PLACE WAS DEFERRED

MAY BE AT UNIVERSITY OF MINNESOTA OR IN CITY OF ROCHESTER

Mrs. W. H. Gemmell, Brainerd, was elected president of the Minnesota State Conference of Social Workers at the end of its 31st annual session in Duluth.

Other newly elected officers are: Judge A. W. Johnson, Albert Lea, first vice-president; Herman Hokow, Springfield, second vice-president; Mrs. Robins Gilman, Minneapolis, secretary-treasurer.

Members elected to the executive committee are: Rev. C. E. Burgess, Rochester; Miss Elizabeth Yerxa, Minneapolis; C. G. Durgin, Duluth, and J. R. Brown, St. Paul.

Decision as to next year's meeting place was deferred. It was stated that if the conference is conducted at the University of Minnesota, an institute be conducted in conjunction with it. Otherwise Rochester may be selected, it was indicated by leading members of the group.

Memory Slightly Mixed.  
The old lady took one of Angela's school tales from the hands of her great-niece, looked at it and then returned it, saying: "My dear, you ought to read some of the books I used to read when I was a girl. 'Pilgrim's Progress,' for instance; I'm sure you would like that, especially the part where Pilgrim meets a dear little foreign boy named Man Friday. It is very interesting. I assure you."

OBITUARY

Funeral of Mrs. Minerva Jane Schultz Held Wednesday Afternoon From Home

Minerva Jane Bowman was born at Big Bend, Pennsylvania, August 28th 1853. She came to Minnesota with her parents, locating at Minneapolis, where she was later united in marriage to Louis C. Schultz on October 16th, 1879. The family has made its home in Jenkins for the past 27 years.

She leaves to mourn her loss seven children, Mrs. N. P. Nelson and Mrs. M. Cottingham of Brainerd, William of Pequot, Ramsey, Walter, Carl and Samuel of Jenkins. There are also six brothers and one sister, Frank of Minneapolis, Ned of Jenkins, Harry of Emily, Grant and Charley of Seattle, Wash., and Fred of San Francisco, and Grace Bridgman, also of Seattle. There are fifteen grand children and one great grand child. Her husband preceded her in death in 1917.

JUDGE J. T. SANBORN A HUMANE JUDGE

JUDGE J. T. SANBORN had many friends. He had many friends because he knew what is required of the man who would have friends and he showed himself friendly. He was not one of those aggressive personalities who push themselves forward but was of a retiring disposition. His popularity was seen in the votes he received in the last election and in the universal expressions of esteem that were heard at that time.

Judge Sanborn grew wonderfully in his office whose duties he discharged with tact and ability. He did not treat matters referred to him with an indifference born of long experience in a position, which, in some cases, tends to produce an attitude to the duties of the position that is marked by a sense of their irksomeness and monotony. He treated each case as a matter in which human interests were at stake and in the juvenile court his quiet and solicitous bearing was helpful to those who came before him. He was a humane judge whose knowledge of life's struggles and frailties disposed him to be kindly in his dealings even with those who were adjudged guilty before the law. But this did not prevent him from doing his duty, though the harder duties of his office were transacted with a spirit of kindness and helpfulness that must have impressed many who heard the humane nature of the man expressed though his calm voice as he imposed a sentence, from whose imposition he shrank, but which he imposed for the good of the accused and for the welfare of the community.

Judge Sanborn was a gentleman. Instinctively he did the correct thing. He did not seek to make a display of his fine qualities but many there are who have benefitted by his generosity. He was ready to help where help was needed and the helpless did not call to him in vain. He will be remembered as a humane judge whose sympathy for humanity in the exigencies of human experience was marked. Doubtless his heart in those later days was tested by the emotions that must have played upon him as he sat in his chair and heard the stories of human mistakes and follies. He carried many a sorrow and shared many a grief and the burden must have been heavy upon such a nature as his.

It is announced that China's only hope lies in the crushing out of militarism. The hope of other nations may lie in the same direction, but they must do it together, for if they fail to hang together on a program of this kind they may hang separately.

THE wheat crop in Mexico drops off forty per cent. It's an ill wind that blows nobody good. This will help the American farmer if the poor peon can pay for American flour.

THE rattlesnake may be a coward but there are not many who are longing to prove his cowardice. They may criticize him, but they won't challenge him.

THE WHITE Sox recruit, Archdeacon, made five hits in five times at bat. He ought to hit something. The White Sox paid \$50,000 for him.

HENRY FORD's income is \$1,000 per minute. The Ford doesn't make a noise only; it makes money.

ELECTRIK MAID BAKERY

Fixtures and Equipment Arriving and Shop in Koop Block to Open Soon

Fixtures and equipment have arrived and are being put in place for the opening of the new "Electrik-Maid" bakery, which is to be located in the new Koop block, with the entrance on Laurel street.

The Electrik-Maid bake shop is a model of cleanliness, and a unique idea in baking. All of the work is done under the most careful sanitary conditions, the ovens being heated electrically.

All kinds of baked goods will be made, with attention to special kinds of breads, cakes and pastry, health foods, etc., with careful attention given to baking for banquets, lodge and church suppers.

S. N. Thams, of Fargo is the proprietor of this newest of Brainerd's bakeries. He has had much experience in this line, and comes to the city well equipped to serve patrons in a most satisfactory manner.

Mr. Thams is a married man with two sons, one of school age. His household effects have arrived, and he expects to make his permanent home in Brainerd. He has been anxious to locate here for some time past.

A short delay is being experienced in the arrival of some of the equipment for the bakery, so that the opening cannot be as soon as was at first anticipated. Further announcement as to the date will be made in this paper later. It is hoped that everything will be in readiness early next week.

MINDING THE BABY

Caring for the Canary and Other Freak Things are Asked of the Patient Mail Man

The postman whose life forms the theme of "Loyal Lives," a Withman Bennett production distributed by Vitagraph, which will be shown at the New Park theatre on Oct. 15 and 16 is called upon to do more odd things than even the policeman or fireman.

One of the things letter-carriers are most often asked to do, post office records disclose, is to mind the baby, while its mother goes to the store.

Another of the tasks, some try to impose upon the good-natured letter-carriers is to bring in the milk bottles left in front of the house.

Looking for stray children as he makes his rounds of the neighborhood is a frequent job. And many times, the postman is severely scolded the next day if he fails to send the children home on time.

Many postmen have a difficult time making some women understand that the government will not permit them to carry notes for them to friends a few blocks away.

Vain-glorious people prove greatly

noxious to the mailmen. These are the type who write a large number of letters to themselves, who send post cards to all magazine advertisers to get mail and who then ask the postman to tell the neighbors of how much mail they receive, as they believe this will greatly enhance their standing in the neighborhood.

Summertime increases the number of freak demands made. The postman usually is "instructed" by the family going away to be sure and tell the milkman not to leave any milk as they are in the country. Often he is asked to look after the pet dog and occasionally it is suggested he take the canary home with him and keep it until they return. "You'll enjoy its music so," they try to cajole him.

In matters of medicine and law, the postman is made the center of a barrage of questions in practically every home. And when he answers these too briefly to suit his questioner he can be sure a letter complaining about the poor service will be sent to the postmaster.

"Loyal Lives," a romantic picture of the United States Mail, depicts the life of the postman with unusual naturalness. Its pathos, its human-Musketeers' ness, its romance flow vividly in the photoplay. Brandon Tynan, America's premiere actor, plays the role of postman. Mary Carr is again seen in her inimitable portrayal of the mother role. Faure Binney and William Collier, Jr., lend a youthful glow in their juvenile roles. The picture is filled with many thrills including a robbery of a moving mail train and an exciting hold-up of a post office.

immediate and practical steps which will bring relief to the sorely oppressed farmer.

"We favor reduction in the freight rates on export wheat and will support a movement to establish a national board of agriculture if such could be organized to remove the present indefensible situation of the farmer. Under prevailing conditions he is forced to buy in a market controlled by domestic conditions and to sell in a market which is world-controlled."

The telegram was sent last night to each Washington today for the conference between President Coolidge, the secretary of agriculture and a committee of Northwest bankers.

**STARTLING IN THEME**

**Sensational Flood Scene One of Big Moments in "The Town That Forgot God"**

A man-made flood that will at least rival and probably surpass the greatest deluge in history will be seen in the William Fox special production, "The Town That Forgot God," coming to the Lyceum Sunday.

A whole town, built especially for the purpose of being destroyed by the torrent, is washed away. Everything is swept before it, houses, barns, trees, inhabitants of the village and livestock of all kinds, not to mention a half dozen cameramen who were swept from their platforms while the scenes were being made.

No city in history was as completely

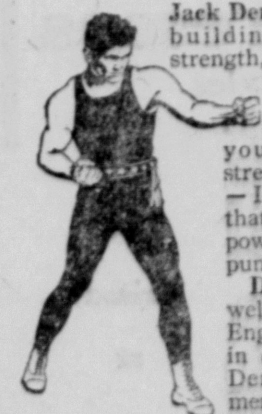

demolished as "The Town That Forgot God." Even Johnstown, Pa., which was virtually destroyed by water in May 31, 1889, when a dam gave way, permitting the mass of water more than twenty feet in height to rush through the town, was not wrecked in as spectacular a fashion as this typical American village.

The village, which is destroyed by the storm and flood, was built in a valley across the Hudson River from New York City. Underneath the ground throughout the town a concrete base was laid to prevent the water from seeping into the ground before the scenes could be completed.

Even the most blasé motion picture producer attending the spectacle admitted that it was the most realistic and thrilling sight he had ever seen staged for a photodrama.

"The Town That Forgot God" will be shown at the Lyceum theatre for a two days' engagement starting Sunday.

**Jack Dempsey Says  
Newer Form of Iron  
Increases Strength**

Jack Dempsey says: "In building up rugged strength, power and endurance there is nothing like filling your blood with strength-giving iron—I firmly believe that it puts added power behind my punch."

Dr. Emil Sauer, well known New England Physician, in commenting on Dempsey's statement says: "No man without plenty

of good red blood rich in health-giving and strength-building iron can go through life filled with vigor, force and power." "Every thinking person should realize if men as physically fit as Jack Dempsey, Zack Wheat, Harry Hooper and dozens of other leaders in the world of sport have helped to maintain their supremacy by the use of this newer form of iron which is called Nuxated Iron, how much more important it is for the average man to see that there is no lack of iron in his blood. A surprisingly large number of people suffer from iron deficiency. Without iron in the blood, you cannot be your best, either mentally or physically, because lack of iron not only makes you nervous, irritable, and easily fatigued, but robs you of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. To help make strong, keen, red-blooded Americans their ironing in my experience which I have found so valuable as Nuxated Iron. Get a bottle of Nuxated Iron today. Take it for two weeks, and if you have not, like thousands of others, obtained most surprising health, strength and energy, the manufacturers will promptly refund your money. Nuxated Iron is sold with this "satisfaction or money back" guarantee by all good druggists.

**BORAH TO PRESENT HIS  
FARMER RELIEF PLAN**

(Continued from page 1)

Immediate and practical steps which will bring relief to the sorely oppressed farmer.

"We favor reduction in the freight rates on export wheat and will support a movement to establish a national board of agriculture if such could be organized to remove the present indefensible situation of the farmer. Under prevailing conditions he is forced to buy in a market controlled by domestic conditions and to sell in a market which is world-controlled."

The telegram was sent last night to reach Washington today for the conference between President Coolidge, the secretary of agriculture and a committee of Northwest bankers.

**STARTLING IN THEME**

**Sensational Flood Scene One of Big Moments in "The Town That Forgot God"**

A man-made flood that will at least rival and probably surpass the greatest deluge in history will be seen in the William Fox special production, "The Town That Forgot God," coming to the Lyceum Sunday.

A whole town, built especially for the purpose of being destroyed by the torrent, is washed away. Everything is swept before it, houses, barns, trees, inhabitants of the village and livestock of all kinds, not to mention a half dozen cameramen who were swept from their platform while the scenes were being made.

No city in history was as completely

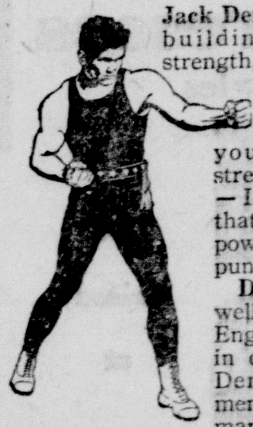

demolished as "The Town That Forgot God." Even Johnstown, Pa., which was virtually destroyed by water in May 31, 1889, when a dam gave way, permitting the mass of water more than twenty feet in height to rush through the town, was not wrecked in as spectacular a fashion as this typical American village.

The village, which is destroyed by the storm and flood, was built in a valley across the Hudson River from New York City. Underneath the ground throughout the town a concrete base was laid to prevent the water from seeping into the ground before the scenes could be completed.

Even the most blasé motion picture producer attending the spectacle admitted that it was the most realistic and thrilling sight he had ever seen staged for a photodrama.

"The Town That Forgot God" will be shown at the Lyceum theatre for a two days' engagement starting Sunday.

**Jack Dempsey Says  
Newer Form of Iron  
Increases Strength**

Jack Dempsey says: "In building up rugged strength, power and endurance there is nothing like filling your blood with strength-giving iron—I firmly believe that it puts added power behind my punch."

Dr. Emil Sauer, well known New England Physician, in commenting on Dempsey's statement says: "No man without plenty of good red blood rich in health-giving and strength-building iron can go through life filled with vigor, force and power."

"Every thinking person should realize if men as physically fit as Jack Dempsey, Zack Wheat, Harry Hooper and dozens of other leaders in the world of sport have been able to maintain their supremacy by the use of this newer form of iron which is called Nuxated Iron, how much more important it is for the average man to see that there is no lack of iron in his blood. A surprisingly large number of people suffer from iron deficiency. Without iron in the blood, you cannot be your best, either mentally or physically, because lack of iron not only makes you nervous, irritable, and easily fatigued, but robs you of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. To help make strong, keen, red-blooded Americans their is nothing in my experience which I have found so valuable as Nuxated Iron. Get a bottle of Nuxated Iron today. Take it for two weeks, and if you have not, like thousands of others, obtained most surprising health, strength and energy, the manufacturers will promptly refund your money. Nuxated Iron is sold with this 'satisfaction or money back' guarantee by all good druggists."

## VETERANS IN FARM TRAINING

LeRoy Uptagraff, Supervisor of Veterans in Training in Brainerd District, Gives Interview

### 100 MEN UNDER SUPERVISION

Local Board of Education to Receive \$17,000 Annually For Carrying on Instruction in District

LeRoy Uptagraff, supervisor of veterans who are in agricultural training in the Brainerd district, has been in the city for several days and was a guest of the Lions club Wednesday evening, where he gave an excellent address on his work.

Over one hundred men are under Mr. Uptagraff's personal attention, and he has spent the past ten days with six of these men alone, which shows the amount of time required for the interests of these veterans.

The government is giving the men in the Brainerd territory instruction in agriculture through the Brainerd school board, and Mr. Uptagraff pointed out what this means to the city and surrounding territory.

The Brainerd district covers all of the state from Aitkin county to the North Dakota line, and from Walker on the north to Little Falls on the south. The local board of education is receiving over seventeen thousand dollars each year for the carrying on of the veterans' instruction, said the speaker, which is spent in a large degree, locally. Naturally this brings much business to Brainerd, as a great deal of the money is spent locally. It is of so much value to any city, that others in this territory would like to have the headquarters instead of Brainerd.

In addition to this there are some sixty veterans on farms close to Brainerd, each of whom draws approximately \$100 per month, some more, depending upon the size of their families, and this money is spent with local merchants.

The government pays these men their monthly allowances for a period of thirty months, so that this income will be coming in to them for at least another two years.

Mr. Uptagraff stated that in some localities the veterans had been located on unimproved wild land, which was very discouraging to them and the government plans to transfer these men to farms that are improved. It is entirely possible, that if suitable farms can be secured in Crow Wing county, these men may be brought here to locate, thus increasing the number of farmers surrounding Brainerd.

The veterans are given the very best training along agricultural lines right on their own farms, with much personal attention, said Mr. Uptagraff. The Brainerd Board of Education already has two instructors devoting their entire time to teaching the men the most practical methods of doing their work, and most profitable lines to develop.

Rufus Roth, a brother of County Agent, E. G. Roth, is one of these instructors, and Jasper Swedberg, the other. It is the intention of the board to employ still a third instructor, on account of the number of trainees and the large territory which must be covered from the Brainerd headquarters.

Mr. Uptagraff spoke of the need of assistance from local citizens, along a line which is very easy to render. He asked that Brainerd people make a special effort to meet these veterans who are located on farms in the surrounding country. They feel that they are strangers in a strange land, and friendly advances from local citizens will be much appreciated and will mean much to both new and old residents.

## OBITUARY OF JUDGE SANBORN

J. T. Sanborn, one of Brainerd's pioneer residents, and judge of the probate and juvenile courts, died during the noon hour on Wednesday, death coming suddenly as the result of heart trouble.

Judge Sanborn was born in East Gorham, Maine, on April 1st, 1852. When about sixteen years of age he went to Boston, Mass., working in a grocery store, where also was employed Dan D. Smith, deceased, and long a resident of Brainerd.

After Mr. Smith came to this city and started a grocery, he sent for Mr. Sanborn to come west and keep books for him, which the latter did in 1880. Three years later, when the Smith grocery was sold, Mr. Sanborn went into the same line of business for himself, on the corner where the Lyceum theatre now stands.

Later he went into the City Hotel, first as manager and later as proprietor, where he was located for many years. He has held the office of probate judge for the past twenty-two years.

On February 22nd, 1883 Judge Sanborn was united in marriage to Julia A. Wedel in St. Cloud. To this union was born one child, Fred L., now athletic instructor at St. John's college, Collegeville, Minn.

Judge Sanborn was active in a number of fraternal orders, including the Elks, the A. O. U. W. and the Modern Woodmen. He was a past Exalted Ruler in the Elks and at the time of his death held the important chair of chaplain, which he carried on in a most impressive manner. In the A. O. U. W. he was Receiver for many years.

Much credit is due the deceased for his untiring efforts in the Evergreen Cemetery Association. For many years he was president of this organization, and several years ago, at the death of Milton McFadden, was made secretary. A great deal of the work done to beautify and lay out the cemetery is due to his initiative.

In the work of arranging the Homecoming Week held July 3rd to 9th of last year, Judge Sanborn took a very keen interest, and was a member of the executive committee in charge of this, one of the most important events in the city's history.

One of Judge Sanborn's outstanding traits was his wonderful home relations. Always a most kind and loving father, his influence will be sadly missed.

In the capacity of probate judge, he always took care of the widow and orphan as many can testify, looking out for their best interests when there was no one else to do so.

As juvenile judge, Mr. Sanborn was very successful. He took a kindly fatherly interest in each case which came before him, exerting rare judgment in dealing with each individual. Many a girl and boy, started on the wrong road, have Judge Sanborn to thank for directing them in the right path.

The funeral services will be short and filled with quiet dignity. They will be held from the house, 508 Juniper street, on Friday afternoon at four o'clock. Interment will be made in Evergreen cemetery.

The active pallbearers have been chosen from intimate friends of the deceased who belonged to the same fraternal organizations. They include, Con O'Brien, C. D. Johnson, E. Peabody, J. W. Koop and two from the A. O. U. W. The honorary pallbearers are county officials Register of Deeds A. G. Trommald, County Treasurer S. F. Adair, County Auditor C. W. Mahlum, Clerk of Court W. A. M. Johnstone, Sheriff Fred Reid, County Attorney Walter F. Wieland.

Flags on the court house and city hall are at half mast out of respect for Judge Sanborn.

## BRAINERD MEETS ST. CLOUD FRIDAY

St. Cloud was a Runner up for the State Championship in Football Last Year

### COACH ROSEL TRAINING LOCALS

Probable Line up of Brainerd Given Out for Saturday's Game With St. Cloud

(By L. P.)

The Brainerd high travels to St. Cloud Friday, where they will tackle the St. Cloud High School.

St. Cloud high were runners up for the state championship last year. They also have the same team as last year and look good for the state title this year.

Fresh from the defeat handed to them from Staples, the Blue and White will try and redeem themselves by defeating the Granite City.

Coach Rosel has had his men out every night for two hours of hard work and the team has shown a great improvement which we all like to see. The line has been strengthened a great deal, and the backfield has shown more speed.

The following lineup is expected:  
Halves—Lowe and Heikkinen.  
Fullback—Brox.  
Quarterback—Fergstrom.  
Ends—Molstad and Dahl.  
Tackle—Golembi.  
Guards—DeRoche and Meifert.  
Center—Zakariassen, Day, Lyddon.

With this husky looking bunch, which averages 150 pounds they will make a good showing against all her opponents.

St. Cloud Friday or bust?

Telling the Age of Fish.  
How many people can tell the age of a fish if asked to do so? It has been found that the age of a fish can be told from the scales, says the Cleveland-Plain Dealer. These increase in size annually, two rings being formed each year. The ear stones, which lie on either side of the base of the cranial cavity, afford another means of determining age. Each spring a white ring is formed, and each autumn a black one. Thus the number of black and white rings discloses the fish's age. In the case of flat fish the latter method has been found very reliable, whereas in the cod the scales give a better result.

VETERANS IN FARM TRAINING

LeRoy Uptagraff, Supervisor of Veterans in Training in Brainerd District, Gives Interview

100 MEN UNDER SUPERVISION

Local Board of Education to Receive \$17,000 Annually For Carrying on Instruction in District

LeRoy Uptagraff, supervisor of veterans who are in agricultural training in the Brainerd district, has been in the city for several days and was a guest of the Lions club Wednesday evening, where he gave an excellent address on his work.

Over one hundred men are under Mr. Uptagraff's personal attention, and he has spent the past ten days with six of these men alone, which shows the amount of time required for the interests of these veterans.

The government is giving the men in the Brainerd territory instruction in agriculture through the Brainerd school board, and Mr. Uptagraff pointed out what this means to the city and surrounding territory.

The Brainerd district covers all of the state from Aitkin county to the North Dakota line, and from Waller on the north to Little Falls on the south. The local board of education is receiving over seventeen thousand dollars each year for the carrying on of the veterans' instruction, said the speaker, which is spent in a large degree, locally. Naturally this brings much business to Brainerd, as a great deal of the money is spent locally. It is of so much value to any city, that others in this territory would like to have the headquarters instead of Brainerd.

In addition to this there are some sixty veterans on farms close to Brainerd, each of whom draws approximately \$100 per month, some more, depending upon the size of their families, and this money is spent with local merchants.

The government pays these men their monthly allowances for a period of thirty months, so that this income will be coming in to them for at least another two years.

Mr. Uptagraff stated that in some localities the veterans had been located on unimproved wild land, which was very discouraging to them and the government plans to transfer these men to farms that are improved. It is entirely possible, that if suitable farms can be secured in Crow Wing county, these men may be brought here to locate, thus increasing the number of farmers surrounding Brainerd.

The veterans are given the very best training along agricultural lines right on their own farms, with much personal attention, said Mr. Uptagraff. The Brainerd Board of Education already has two instructors devoting their entire time to teaching the men the most practical methods of doing their work, and most profitable lines to develop.

Rufus Roth, a brother of County Agent, E. G. Roth, is one of these instructors, and Jasper Swedberg, the other. It is the intention of the board to employ still a third instructor, on account of the number of trainees and the large territory which must be covered from the Brainerd headquarters.

Mr. Uptagraff spoke of the need of assistance from local citizens, along a line which is very easy to render. He asked that Brainerd people make a special effort to meet these veterans who are located on farms in the surrounding country. They feel that they are strangers in a strange land, and friendly advances from local citizens will be much appreciated and will mean much to both new and old residents.

OBITUARY OF JUDGE SANBORN

J. T. Sanborn, one of Brainerd's pioneer residents, and judge of the probate and juvenile courts, died during the noon hour on Wednesday, death coming suddenly as the result of heart trouble.

Judge Sanborn was born in East Gorham, Maine, on April 1st, 1852. When about sixteen years of age he went to Boston, Mass., working in a grocery store, where also was employed Dan D. Smith, deceased, and long a resident of Brainerd.

After Mr. Smith came to this city and started a grocery, he sent for Mr. Sanborn to come west and keep books for him, which the latter did in 1880. Three years later, when the Smith grocery was sold, Mr. Sanborn went into the same line of business for himself, on the corner where the Lyceum theatre now stands.

Later he went into the City Hotel, first as manager and later as proprietor, where he was located for many years. He has held the office of probate judge for the past twenty-two years.

## FARRELL MAKES LEONARD FAVORITE

By HENRY L. FARRELL  
United Press Sports Editor

New York, Sept. 27.—Benny Leonard and Johnny Dundee, one time partners in the prosperous fight firm of Leiner and Carrara, will sever all relations tomorrow night in the Yankee stadium when they meet the ninth time for the lightweight championship.

Not only because their product has been passe upon the market, but because they have grown to dislike each other, this ninth scrap no doubt will be the last.

Leonard, in recent years, developed the inclination to get so mad at his associate in business that he would have nothing to do with him, and while the present hatred of the lightweight champion for Dundee has some press-agent foundation, it is, nevertheless, true that Leonard may derive some real pleasure from giving the Italian a sound socking.

When the Leiner-Carrara firm was finding business bad, Leonard looked around for a new partner and he sighted Lew Tendler, the Philadelphia newsboy. Business was just picking up good when Tendler made Benny mad by claiming a \$5,000 forfeit when Benny did not feel like working and claim an "out" on a broken hand.

Leonard announced then that he was so mad at Tendler that he would never fight him, and it was only after two years of cooling that his anger subsided enough for a promoter to make the match.

Leonard then decided that the firm was good enough for two fat years, and he allowed Tendler to make him look rather bad in a no-decision thing in Jersey City. The champion then developed another fit of anger when Tendler went around and told that he trimmed the ears off Benny and that he would win the title if Benjamin would become brave enough to take him in a decision fight.

The champion's anger lasted through another year and this summer he did become brave enough to take Tendler in a decision fight and he took him so badly that only a terrible slump in business will make the public stand for another meeting of the pair.

Dundee aroused the ire of the champion when he started campaigning, and told all the boys that Leonard would not fight him in a decision fight, that Benny was a welterweight and a poor one at that.

When sufficient coin was offered Leonard to show the public that Dundee was wrong, Jimmy Johnston succeeded in matching the pair for September 5 in the Yankee stadium, but the show was postponed.

The announcement was made that Dundee was not in shape to fight because he had hurt his hand in a fight with Kid Wagner in Philadelphia just a short time before that.

Dundee denied that he was hurt and he came back with an emphatic assertion that Leonard was the one who had manipulated the postponement, because he couldn't make the weight in the specified time.

Naturally, words, other than those from the mills of the press agents, followed, and Leonard said he had developed such a hate for Dundee that he was going to knock him out and never speak to him again.

Leonard is being regarded as the favorite by the wise bettors, not because they consider Dundee lightly, but because they think the lightweight champion a better puncher and a better boxer.

### AMUSEMENTS

**"Java Head" Delightful at Lyceum**  
George Melford's latest Paramount production of "Java Head," a story of the later forties in old Salem town and of the Orient, delighted a packed house at the Lyceum theatre last night. Charming in every respect, admirably directed and interpreted by a featured cast including Leatrice Joy, Jacqueline Logan, Raymond Hatton, George Fawcett and Albert Roscoe, "Java Head" is a picture one cannot soon forget. It will be shown again tonight for the last time.

**Agnes Ayres in "The Ordeal"**  
Beautiful Agnes Ayres is booked for the Lyceum Friday and Saturday appearing in "The Ordeal" a domestic drama wherein Miss Ayres plays the part of a young widow, and Milton Sillis as the doctor. Round 1 of the new "Fighting Blood" series is also on the same program.

**William Fox Latest Film Special Distinct Achievement, Says Reports**  
Using the golden rule and the admonishment that it is best to remember the power of the Creator as a basis for a screen drama, William Fox has given to screen history a remarkable achievement according to the advance reports of the production "The Town That Forgot God."

Bunny Grauer, the boy actor, has the leading role and is said to contribute a bit of acting far superior to the work of many older screen players. The supporting cast selected by Harry Millarde, the director, is one that does each bit of character work in a finished manner.

"The Town That Forgot God" will be shown for the first time here at the Lyceum theatre Sunday and Monday only.

**"Hollywood" Behind the Scenes**  
Photoplay patrons everywhere are going to be greatly interested in "Hollywood," a new James Cruze production for Paramount which has as its background—the motion pictures themselves.

Imagine getting an intimate glimpse of behind the scenes at the big studios, seeing all the noted stars and directors at work, viewing the familiar scenes of the western film capital—the hotels, boulevards, studios, bungalows, bowl, etc.

That's what "Hollywood," which comes to the New Park on Saturday and Sunday brings to the screen and with it a very enjoyable tale of a middle western family which goes to Hollywood and gets entangled with the great industry that has made the community as famous as Paris itself.

"Hollywood" promises to be the season's greatest novelty and one which might well be dedicated to lovers of motion pictures the world over.

## FARRELL MAKES LEONARD FAVORITE

By HENRY L. FARRELL  
United Press Sports Editor

New York, Sept. 27.—Benny Leonard and Johnny Dundee, one time partners in the prosperous fight firm of Leiner and Carrara, will sever all relations tomorrow night in the Yankee stadium when they meet the ninth time for the lightweight championship.

Not only because their product has been passe upon the market, but because they have grown to dislike each other, this ninth scrap no doubt will be the last.

Leonard, in recent years, developed the inclination to get so mad at his associate in business that he would have nothing to do with him, and while the present hatred of the lightweight champion for Dundee has some press-agent foundation, it is, nevertheless, true that Leonard may derive some real pleasure from giving the Italian a sound socking.

When the Leiner-Carrara firm was finding business bad, Leonard looked around for a new partner and he sighted Lew Tendler, the Philadelphia newsboy. Business was just picking up good when Tendler made Benny mad by claiming a \$5,000 forfeit when Benny did not feel like working and claim an "out" on a broken hand.

Leonard announced then that he was so mad at Tendler that he would never fight him, and it was only after two years of cooling that his anger subsided enough for a promoter to make the match.

Leonard then decided that the firm was good enough for two fat years, and he allowed Tendler to make him look rather bad in a no-decision thing in Jersey City. The champion then developed another fit of anger when Tendler went around and told that he trimmed the ears off Benny and that he would win the title if Benjamin would become brave enough to take him in a decision fight.

The champion's anger lasted through another year and this summer he did become brave enough to take Tendler in a decision fight and he took him so badly that only a terrible slump in business will make the public stand for another meeting of the pair.

Dundee aroused the ire of the champion when he started campaigning, and told all the boys that Leonard would not fight him in a decision fight, that Benny was a welterweight and a poor one at that.

When sufficient coin was offered Leonard to show the public that Dundee was wrong, Jimmy Johnston succeeded in matching the pair for September 5 in the Yankee stadium, but the show was postponed.

The announcement was made that Dundee was not in shape to fight because he had hurt his hand in a fight with Kid Wagner in Philadelphia just a short time before that.

Dundee denied that he was hurt and he came back with an emphatic assertion that Leonard was the one who had manipulated the postponement, because he couldn't make the weight in the specified time.

Naturally, words, other than those from the mills of the press agents, followed, and Leonard said he had developed such a hate for Dundee that he was going to knock him out and never speak to him again.

Leonard is being regarded as the favorite by the wise bettors, not because they consider Dundee lightly, but because they think the lightweight champion a better puncher and a better boxer.

## AMUSEMENTS

**"Java Head" Delightful at Lyceum**  
George Melford's latest Paramount production of "Java Head," a story of the later forties in old Salem town and of the Orient, delighted a packed house at the Lyceum theatre last night. Charming in every respect, admirably directed and interpreted by a featured cast including Leatrice Joy, Jacqueline Logan, Raymond Hatton, George Fawcett and Albert Roscoe, "Java Head" is a picture one cannot soon forget. It will be shown again tonight for the last time.

**Agnes Ayres in "The Ideal"**  
Beautiful Agnes Ayres is booked for the Lyceum Friday and Saturday appearing in "The Ideal," a domestic drama wherein Miss Ayres plays the part of a young widow, and Milton Sillis as the doctor. Round 1 of the new "Fighting Blood," series is also on the same program.

**William Fox Latest Film Special Distinct Achievement, Says Reports**  
Using the golden rule and the admonishment that it is best to remember the power of the Creator as a basis for a screen drama, William Fox has given to screen history a remarkable achievement according to the advance reports of the production "The Town That Forgot God."

Bunny Grauer, the boy actor, has the leading role and is said to contribute a bit of acting far superior to the work of many older screen players. The supporting cast selected by Harry Millarde, the director, is one that does each bit of character work in a finished manner.

"The Town That Forgot God" will be shown for the first time here at the Lyceum theatre Sunday and Monday only.

**"Hollywood" Behind the Scenes**  
Photoplay patrons everywhere are going to be greatly interested in "Hollywood," a new James Cruze production for Paramount which has as its background—the motion pictures themselves.

Imagine getting an intimate glimpse of behind the scenes at the big studios, seeing all the noted stars and directors at work, viewing the familiar scenes of the western film capital—the hotels, boulevards, studios, bungalows, bowl, etc.

That's what "Hollywood," which comes to the New Park on Saturday and Sunday brings to the screen and with it a very enjoyable tale of a middle western family which goes to Hollywood and gets entangled with the great industry that has made the community as famous as Paris itself.

"Hollywood" promises to be the season's greatest novelty and one which might well be dedicated to lovers of motion pictures the world over.

### Stock Gambling Brings Ruin to Two Wives

Two devoted wives of gamblers are found in the gripping Paramount drama of New York financial and domestic life, "The Silent Partner," a Charles Maigne production, which will be the feature at the New Park tonight. Only one has the strength of character to plan and carry through the reform of her speculator husband. Another succumbs and is carried down to poverty; the third is ignorant of what her husband has done till too late. Leatrice Joy, Iwen Moore and Robert Edeson are featured.

Leatrice Joy is cast as the wife of a stock broker's clerk, played by Owen Moore.

**THE** sure-footed, long-wearing, All-Weather Tread of a Goodyear Cord is the best tire insurance you can have. The high, thick, sharp-edged blocks of that famous tread dig wedge-like through mud or snow to slipless footing, carrying on steadily or coming to a sure, safe stop.

Goodyear Service Station  
We sell and recommend the new Goodyear Cords with the beveled All-Weather Tread and back them up with standard Goodyear Service.
